Professional Summary

Aspiring Full-Stack Developer and MCA student with hands-on experience building responsive web applications and backend APIs using the MERN stack. Strong foundation in Python, JavaScript, SQL, database design, and REST API development, with working knowledge of React, Node.js, Express.js, MongoDB, MySQL.

Skills

Languages: Python

Frontend: HTML5, CSS3, JavaScript, Bootstrap 5, React.js

Backend: Node.js, Express.js

Databases: MongoDB, MySQL, Mongoose

Core Concepts: Object-Oriented Programming (OOP), MVC Architecture

Tools: Git, GitHub, Postman, Visual Studio Code

Soft Skills: Problem Solving, Teamwork, Time Management, Communication

Experience

Software Development Intern

Oct 2024 – Apr 2025

Visval Career Solutions Private Limited

- Developed responsive and user-friendly web pages using HTML5, CSS3, JavaScript, and Bootstrap 5 for business and portfolio websites.
- Assisted in backend development using PHP and MySQL, including database connectivity, form handling, and data management.
- Supported the development and maintenance of template-based websites, including e-commerce and portfolio projects.
- Collaborated with developers and designers to implement client requirements and deliver functional web solutions on time.

Projects

E-Commerce Platform | Github Link

React.js, Node.js, Express.js, MongoDB, Razorpay, Web Speech API

- Built a full-stack e-commerce application with complete CRUD operations and an admin dashboard for managing products and categories.
- Implemented voice-based navigation using Web Speech API to enable hands-free control and product search.
- Integrated Razorpay payment gateway for secure and reliable online transactions.
- Developed RESTful APIs using Node.js and Express.js with JWT-based authentication for secure access control.

Movie App | Live Link

React.js, CSS3, Bootstrap 5, TMDB API

- Built a responsive movie application using React.js with a clean and interactive user interface.
- Integrated TMDB API to fetch and display movie data such as Top Rated, Popular, and Upcoming movies.
- Implemented component-based architecture and React Router for smooth navigation between pages.
- Used JavaScript and API integration techniques to handle dynamic content rendering.
- Designed responsive layouts using CSS3 and Bootstrap 5 for better usability across devices.

Education

Master of Computer Applications (MCA)

Alagappa University

2024 – 2026

CGPA: 7.74

Bachelor of Science in Mathematics

Alagappa University

2021 – 2024

CGPA: 8.40

Certifications

- Full Stack MERN Development
- Advanced Diploma in Python Programming (ADPP)
- Postgraduate Diploma in Computer Application (PGDCA)
- Fundamentals of UI/UX Design - Coursera
